OR 3.5 mm/US Size 4 circular needle, 60 cm/24 inch or longer - Fingering Weight

Choose which yarn you wish to start with. A Fusion 250 skein has five yarns and a Fusion 800 skein has 8 yarns. We suggest that you lay them out and decide what order you would like to use them in, based on the colors and textures.

With the starting yarn, loosely cast on 8 stitches

Row 1: Knit in the front and back of the stitch, knit to the last two stitches, knit 2 together

Row 2: Slip the first stitch. Purl to the last 2 stitches, purl in the front and back of the stitch, slip the last stitch

Row 3: Knit in the front and back of the stitch, knit to the last two stitches, knit 2 together

Row 4: Slip the first stitch. Purl to the last 2 stitches, purl in the front and back of the stitch, slip the last stitch

Row 5: Knit in the front and back of the stitch, knit to the last two stitches, knit 2 together

Row 6: Slip the first stitch. Knit to the last 2 stitches, knit in the front and back of the stitch, slip the last stitch

Row 7: Purl in the front and back of the stitch, purl to the last two stitches, purl 2 together

Row 8: Slip the first stitch. Knit to the last 2 stitches, knit in the front and back of the stitch, slip the last stitch

Row 9: Purl in the front and back of the stitch, purl to the last two stitches, purl 2 together

Row 10: Slip the first stitch. Knit to the last 2 stitches, knit in the front and back of the stitch, slip the last stitch

Rows 11: Knit in the front and back of the stitch, PURL across to the last two stitches, knit 2 together

Repeat Rows 2 through 11, using each yarn until you run out.

*When you get to the last yarn, you may run out before completing a full 11 row repeat. There are no knitting police! If this happens its ok. If you wish, you may want to stop at the end of an 11 row repeat, even if you have not run out of yarn, in which case, no one will accuse you of being OCD.

Bind off purl wise. Weave in ends and block.
